CORE EDITING RULE

Keep filmed jokes on Eirik through the audience laugh. Use stills for identity, credits, venue proof and audio-only excerpts - not as automatic punctuation after every punchline.

EIRIKSORVIK.COM

Lean first release - built to book, not to look busy

RECOMMENDED FIRST RELEASE

- Single scrolling page with hero, sizzle reel, brief bio, selected credits, press photos and booking form.
- Use eiriksorvik.com as the canonical domain; additional domains can redirect later.
- Lead with live footage, Vesper tenure, support credits and ease of booking - not follower counts.
- Keep Oslo and nearby European markets central now; update the location language once an Australia move becomes firm.
